Featured Products

June 2015

TO-220 pin compatibility / No external parts required / Built-in coil / Simple design

DC/DC converter modules

Smart Regulators

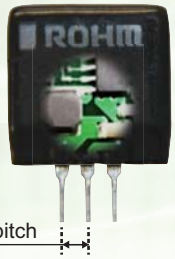

BP5293-xx Series

ROHM SEMICONDUCTOR

High conversion efficiency **93% Max.**

TO-220 pin compatibility

BP5293-50

2.54 pitch

Board modifications unnecessary

All required parts built in Compact design

Thermal design Not required

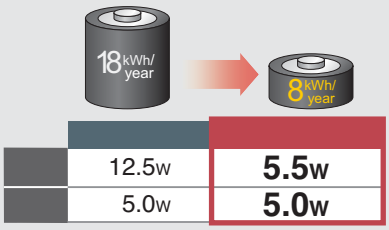

No external parts needed

Feature 1

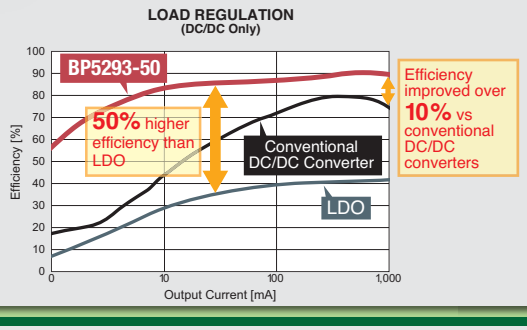

For applications requiring greater energy savings

Improved power conversion efficiency

60% lower power consumption

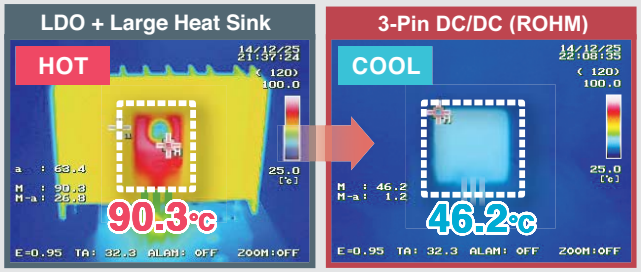

*Operating time calculated as 1,440hrs/year

Feature 2

For applications that cannot support large heat sinks

Significantly reduced heat generation

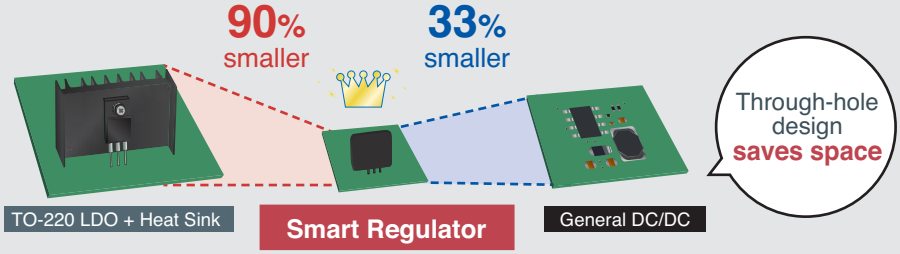

High efficiency reduces heat generation, **eliminating the need for a heat sink** and supports large currents

Feature 3

For applications with mounting area limitations

Space-saving design

Mounting area comparison (1,000mA output)

Through-hole design **saves space**

Compact 3-Pin Buck DC/DC Converters

Pin-compatibility with 3-pin LDOs enables easy replacement and **eliminates the need for board modifications** (Also supports large currents (1,000mA))

1.

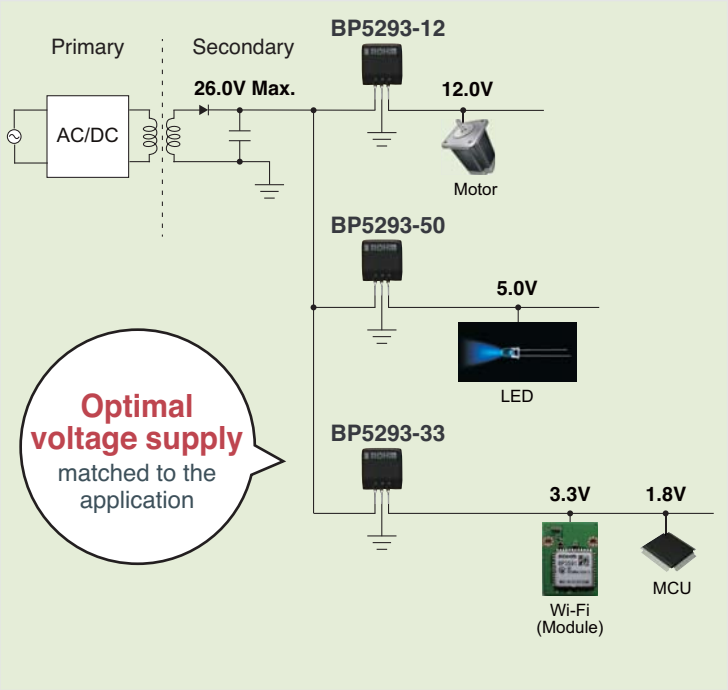

Remove the 3-pin LDO

2.

Replace with the BP5293-50

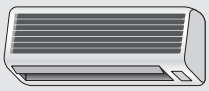

Application Circuit Example (OA Equipment)

Applications

- ACs
- Commercial Equipment
- Gaming Systems

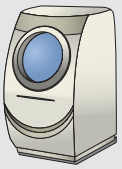

Commercial AC

AC

Air Purifiers

Microwave Oven

Copiers

Washing Machines

Refrigerators

Vending Machines

Gaming Equipment

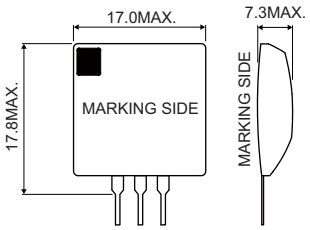

Lineup

Part No.	Input Voltage (V)	Output Voltage (V)	Output Current (mA)	Output Voltage Accuracy (%)
☆ BP5293-33	7.0 to 26.0	+3.3	1,000	±3.0%
New BP5293-50	7.0 to 26.0	+5.0	1,000	±2.0%
☆ BP5293-12	17.0 to 26.0	+12.0	1,000	±3.0%

☆ Under development

External Dimensions

SIP3

(Unit: mm)

The content specified herein is for the purpose of introducing ROHM's products (hereinafter "Products"). If you wish to use any such Product, please be sure to refer to the specifications, which can be obtained from ROHM upon request. Great care was taken in ensuring the accuracy of the information specified in this document. However, should you incur any damage arising from any inaccuracy or misprint of such information, ROHM shall bear no responsibility for such damage. The technical information specified herein is intended only to show the typical functions of and examples of application circuits for the Products. ROHM does not grant you, explicitly or implicitly, any license to use or exercise intellectual property or other rights held by ROHM and other parties. ROHM shall bear no responsibility whatsoever for any dispute arising from the use of such technical information. If you intend to export or ship overseas any Product or technology specified herein that may be controlled under the Foreign Exchange and the Foreign Trade Law, you will be required to obtain a license or permit under the Law.

The contents specified in this document is correct as of June 1st, 2015.
